Other Information

Call usage Information

Customers can obtain information on the Phone usage by accessing their Voipex Account here:

<http://www.voipex.com.au/site/access/account>

Application Acceptance

Voipex will contact you via email or telephone once we have accepted your application for a Voipex phone and/or broadband service.

Connection Timeframes

Once your application has been accepted by Voipex we will attempt to connect your Business phone service in the following timeframes.

- For a transfer of an active service we aim to have the transfer completed within 2 working days.
- For enabling a new service where a technician is not required we aim to connect the service within 5 working days.
- For all other connections we aim to connect the service within 5 to 15 working days.

Billing

The figures in this Critical Information Summary are for a full billing cycle but your first bill may include pro rata charges for part of the month if you started or changed your plan part way through a billing period – refer to the 'Important information about your first bill' section below for more information.

Your monthly bill

On the first day of each month, we will bill you in advance for the minimum monthly charge and in arrears for calls, SMS and features. Your first bill will include charges for part of the month from when you took up your plan until the end of that billing cycle, as well as the minimum monthly charge in advance for the next billing cycle.

Important information about your first bill

When you first start a plan or change your plan part way through a billing period, your first bill will have additional charges. It will include your minimum monthly charge in advance, plus a proportion of your minimum monthly charge based on the number of days left in the billing period
